# DESIGN ADVENTURE

*No.* 1

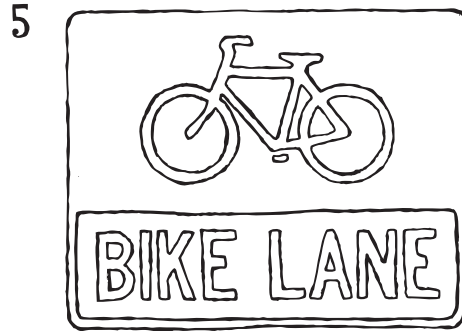

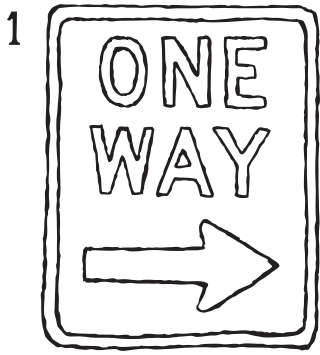

## ROADWAY SIGNS

Roadway Signs use symbols and words to give information or tell you what to do.

THE BUREAU OF

# GOOD ROADS

**COLOR GUIDE FOR SIGNS:**

- 1. One Way: **Black & White**
- 2. Pedestrian Crossing: **Yellowish-Green**
- 3. Children Crossing: **Yellow**
- 4. Worker: **Orange**
- 5. Bike Lane: **Black & White**

**HOW TO CONSTRUCT YOUR SIGNS**

**MATERIALS**

Stiff Paper or Cardboard  
Craft Sticks or Cardboard Rolls  
Playdough or Air Dry Clay

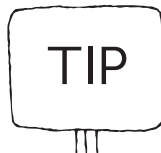

**STEPS**

- 1** Color in your Signs.
- 2** Cut out the Signs Block and glue the Signs to stiff paper or cardboard. Cut around the sign edges
- 3** You can use craft sticks or cardboard rolls to make the sign poles
- 4** Shape a little stand/base from playdough to make your Signs stand up by themselves
- 5** Position your Signs along your roadway where people can see them when they are walking or driving

**THINGS TO REMEMBER ABOUT SIGNS**

**COLORS**

- Red**  
Tells you to stop, yield or not to do something
- White**  
Tells you the road rules (like the speed)
- Yellow**  
Gives you general warnings
- Green**  
Tells you about things you are allowed to do or where to go
- Orange**  
Used for warning around construction zones
- Blue**  
Used for services and tourist information
- Brown**  
Directs you to public recreation or history areas

Make bridges with paper rolls and buildings with drink cartons!
